

SOCIAL and PERSONAL

Indications are that the club women of the United States will adopt a color scheme of black and white, all white or neutral shades in their summer ensembles. That in if they decide to take this step at the biennial meeting of the Federation of Women's Clubs in New York next month. The Federation will take up the matter of adopting the quiet shades of dress in order to aid the American manufacturers and dyers. At the same time the organization will adopt the standardization of woman's street dress. If the general Federation of Women's Clubs takes favorable action the various federated organizations will discuss it later.

The Bible study class of district Nos. 3 and 4 will meet this evening at the home of Mrs. George W. Knox in South Prospect street.

KEPHART HAS NO OPPOSITION FOR STATE TREASURER

Continued from Page One.

For Congress the only petitions reported are those of Robert F. Hopwood, Republican; Bruce F. Stelling, Democrat; and William T. Ream of Connettsville, Socialist.

Congressman A. L. Keister is being opposed in the Twenty-fourth district by E. L. Robbins, who seeks both the Republican and Washington nominations. Elias A. Kline of Greensburg is the Democratic aspirant.

For delegate to the Republican national convention these from this district are State Chairman W. E. Crov and Isidore Good, the latter of Somerset. They are unopposed.

The Democratic delegates to St. Louis are former Judge R. E. Umbel and H. S. Dumbauld, both pledged for Wilson.

A number of legislative petitions were filed from this county. Vergh C. Gies of near Brownsville and R. G. Benson of Smithfield seek the Republican nomination in the First district. In the Second district Republican petitions were filed for Duncan Sinclair, Brownsville; Leo Smith, Uniontown; D. Harry Houghton, Connelleville; and Emmet Sipe, Connelleville. Sipe ran for state senate last year, but not very far. Democratic legislative aspirants are W. M. Rhodes of Point Marion in the First district, and Reuben Howard, Uniontown; Thomas P. Schaefer, Dickerson River; Harry Cochran, Dawson; J. B. Sherrard, Uniontown; and Lloyd J. Stillwagon, Connelleville township, in the Second district. The Prohibitionists have filed petitions for W. M. Bryson and John L. Robinson in the Second district. Frank Lape, Joseph T. Dudley, Uniontown, and James F. Power, Upper Meriden, are the Socialist aspirants.

Schleide May Have Been Allison Drennon of This City.

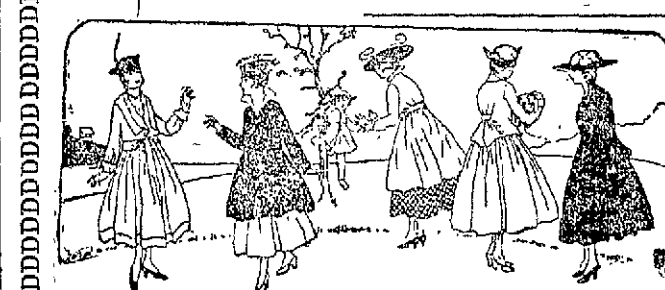

That "John Ryan" who cut his throat in a Chicago hotel on April 5 may have been Allison Drennon, son of Mrs. Laura Ryan of Connelleville, is the belief of the latter, and also of Mrs. Drennon, who seeks to learn further details of the affair.

Drennon spent practically all of his life here but left for the West several months ago. The dead man's description somewhat resembled that of Drennon. His wife wrote to the undertaker who took charge of the body asking if tattoo marks had been found on the man's arms. Drennon spent some years in the navy and both arms were tattooed. He was about 26 years old and worked as a painter here.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the Little Liver and Bowels and They Get Well Quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated food will gently move out of the bowels, and you have a well-playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."—Adv.

McNally-Linderman. Miss Esther McNally, daughter of Mrs. Mary McNally of Uniontown, and James Allen Linderman of Portworts, were married yesterday at the parsonage of the Third Presbyterian Church in Uniontown.

TROTTER ORGANIZES

A Fast Ball Team Will Represent That Works.

At a dinner given at the Smith House last evening the Trotter baseball team was organized for the season. The team will be in shape to start a good run for the Lynch cup. The dinner was attended by all the players of the team, and the plant officials.

After the dinner had been served, R. W. Cover was elected playing manager, and Eugene Prazler, captain. Harry Burkey was elected secretary and treasurer. These men have been with the Trotter team for several years.

Practice will commence immediately and the first game will be played with Mount Pleasant at Mount Pleasant on Saturday, April 22. Sam Labiak will probably be on the mound for Trotter. A game will be played between the Trotters and Yungans at Trotter Monday evening. The team is open for games with all other fast aggregations and any communications should be addressed to Harry Burkey. He can be reached by calling 803-R4 on the Tri-State phone.

The Frick league has not been organized yet but a meeting will be held the latter part of this week at which time officers will be elected and a schedule arranged.

ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a New York Physician.

"Acid" stomachs are dangerous because too much acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments acting only upon the stomach walls, or as an artificial digestant, are useless in such cases, for they leave the source of the trouble, the excess acid in the stomach, as dangerous as ever. The acid must be neutralized, and its excessive formation prevented, and there is nothing better for this purpose than a teaspoonful of plain bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation. Foods which ordinarily distress may be digested perfectly if the meal is followed with a little bisulphated magnesia, which can be obtained from any druggist and should always be kept handy.—Adv.

MOVIE CENSORS ARE PARTICULAR ABOUT WHAT YOU MAY SEE

Eliminate All Profanity, Questionable Situations, Rough Stuff.

HAVE AN INSPECTOR HERE

His Duty to See That None of the Scenes Eliminated by the State Board is Returned to the Films When Sent Out to Local Houses.

The prints of motion pictures shown in local theatres are by no means the same as those released by the manufacturers. Every film shown in Pennsylvania must be first exhibited before an audience of three censors, a half dozen or more clerks and any others who happen to be present in the little building in Philadelphia that once did service as a church. To make sure that the eliminations ordered by the censors are not replaced in the pictures, inspectors are appointed in practically every town of the state. They are furnished with a complete list of eliminations each week and it is their duty to examine every film that comes to their town. If the objectionable features ordered out are in the picture they report to the censors and the latter again get after the film.

The scenes and titles eliminated from pictures as outlined in the inspectors' report sheets show how careful the censors are. Some films are rejected in their entirety. It cost one company \$60,000 to replace one complete reel rejected by the censors in a picture recently shown here.

The eliminations from "The Call of the Cuckoo," which was shown at the Globe last night were:

"Sublimity," "How in Hell Did You Get Into Town?" to be substituted by the following: "How'd You Get Into Town?" "Sublimity," she is supposed to be engaged to Wilfred Horton. He ought to resent her visiting questionable resorts with that barbarian," to be substituted by the following: "She is supposed to be engaged to Wilfred Horton. He ought to resent her associating with that barbarian."

It was the Connelleville inspector's duty to see that the repudiated title did not appear in the print shown here.

In "My Value," recently shown here, the censors objected to a portion of the bench scene where a fat man in a bathing suit is punched in the stomach and also the incident where Mabel and two men bump each other in not quite the most decorous manner. Another incident which the censors decided the good people of Pennsylvania should not see was that in which one man blows water into another's face.

In "The Ragamuffin," shown here last week, the censors cut out scenes where a woman was hit with a baby, of a child stealing an apple, of a thief breaking lock of a cellar grating and robbing house, of boy in saloon stealing money from man at bar, and several others.

The movie men claim that the censors use no judgment in eliminating parts of their films and there is a constant fight between them and the state officials. Some of the cases have been taken into court. In the meantime, however, the censors keep on censoring the best way they know how.

What to Do for Eczema.

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, a bottle of Zemo. Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—persons have suffered untold agony for years due to torments for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, Specialist of this city said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like even through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble, some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skiny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your feeble vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary

FRESHEN UP! GIVE YOURSELF A REAL CHEW

The Juicy Sweetness of "American Navy" Puts More Snap Into a Man

BIG VALUE—RICH CHEWING

A sweet, mellow chew of good tobacco is wonderfully refreshing. But the tobacco must not only give form to give you the utmost of wholesome, healthful enjoyment.

The rich, natural juices pressed into a golden-brown plug taste so deliciously good that it puts new snap into you. American Navy plug is the distinctive chew. It gives you the same type of leaf as the best "scraps," but it gives you whole leaf instead of "cuttings," and it's hard-pressed instead of loose-mixed. That means more sweet, mellow flavor and more genuine tobacco satisfaction.

The leaf for American Navy is more carefully selected and the plugs are more carefully made than in the case with many higher-priced tobaccos. You actually get more than your money's worth of chewing enjoyment in American Navy.

You'll know this for yourself soon, as you start chewing. The American Navy, because its rare distinctive flavor gets right next to your tongue the very first chew—and stays there.

Try a big cut of American Navy and you'll wonder how you ever got along without it. In 5c and 10c cuts.

STOP THAT ACHE!

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many suffering people have used them and know how effective they are. Here is a typical case.

Edward O'Neal, carpenter, Third st., S. Connelleville, says: "I was in bed from fall until spring about seven years ago, with kidney trouble. My back pained me so severely that I could hardly move without catching hold of something and pulling myself up gradually. My doctor treated me for lumbar, but he didn't do me any good. Some of my friends recommended Doan's Kidney Pills and I got a supply. The first box relieved me greatly and before I had finished the second box, I was cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. O'Neal. Foster-Milburn Co., Props., Buffalo, N. Y.

Stomach Trouble and Constipation.

"My mother had been suffering from stomach trouble and constipation for over a year and although she took medicine she did not improve at all until I got her a bottle of Chamberlain's Tablets. They improved her digestion and regulated the action of her bowels. She is now sound and well," writes Mrs. W. A. Swipe, Dresden, Ohio. Obtainable everywhere.—Adv.

Investment heating!

"Well bought is half sold" runs the old maxim. Of course every man buys with uppermost thought of a permanent home, but the prudent man buys his home also with an eye to its being a "good investment, if he or his heirs should want to sell." The lot is bought and the house built in the belief that the property will increase in value. Why therefore should anyone nowadays discount or depreciate his property by failing to modernize it at once with a permanent, comfort-producing outfit of

"I want this foundation of home comfort! It will prove an investment to me—not an expense!"

AMERICAN & IDEAL RADIATORS & BOILERS

In mild weather or in the midst of the most severe winter AMERICAN-IDEAL heating is steadily on the job, without the constant physical strain of lugging coal, poking and coaxing the fire, fixing dampers and grates, or dumping ashes.

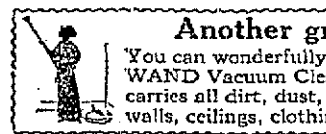

Model No. 411 IDEAL Radiator and 410vac. ft. of A. I. AMERICAN Radiators, costing \$190 were used to heat this cottage. At this price you can get a complete heating system. This did not include cost of labor, pipe, valves, fittings, etc., which vary according to climate and other conditions.

A lifetime of lowest heating cost!

Don't skimp on the heating; get IDEAL—the best there is—costs no more than inferior makes, due to our enormous annual output. Buildings thus equipped sell quicker, or bring 10% to 15% higher rental; or command a larger loan.

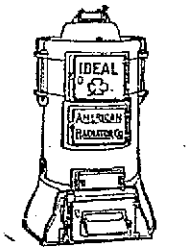

Why not decide at once to get this permanent investment heating? Thousands of old buildings of all classes are equipped annually. Present attractive price will surprise you! Ask for "Ideal Heating" catalog (free) —full of big heating facts any owner or tenant should know. Write today. No urging to purchase.

No exclusive agents. Sold by all dealers.

Another great labor saver—stationary Vacuum Cleaner, at \$150

You can wonderfully reduce house-labor and highly increase home health and cleanliness by use of ARCO WAND Vacuum Cleaner—sits in basement or side room; works through an iron pipe running to all floors; carries all dirt, dust, insects, and their eggs, etc., to sealed bucket in machine; cleans carpets, furnishings, walls, ceilings, clothing. Ask also for catalog (free). Inquiry puts you under no obligation to buy.

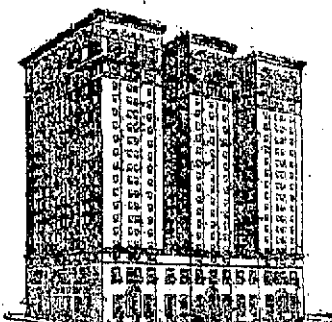

IDEAL Boilers have large fuel pots in which the air and coal gases thoroughly mix in a modern gas or oil mantle or burner, thus extracting every bit of the heat from the fuel. Extra to run than a stove.

WEDNESDAY EVENING, APRIL 19, 1916.

DEMOCRATIC INEFFICIENCY.

The Democrats in Congress are bewailing the probability of having to remain in Washington late in the summer during the sweltering weather, puzzling their brains over ways and means of raising public revenue. The Treasury is confronted with a deficit. The Democrats are afraid of spending the public money, but weak in the work of providing it.

Democratic Congressmen privately admit that their tariff policy has been a wretched failure, but say they cannot change it because that would be a public confession of error which the party cannot afford to make. For this reason the bill asking proper protection for the dye industry proposed to be established in this country to meet present urgent demands has been rejected in the Senate. This Democratic body has also rejected the bill to repeal the Free Sugar clause of the Democratic Tariff law, which has resulted in destroying American sugar mills without allowing a cent to American revenues or lowering by a cent the price of American sugar. The Democratic majority in the Senate having voted for Free Sugar now proposes to stick to it. The situation recalls the sorry record of a prominent Democrat to the tune that "Democrats never learn." He replied: "Well I'm thankful they don't. When they learn too much they become Republicans."

The Democrats want the country to forget the Tariff issue, and they hope that the prosperity wrought by the European war will bring about that result. If they can only fool the people with this notion until after the election they hope to win, especially if they are able to stampede the voters with Jingo sentiment on the eve of balloting.

THE PROGRESS NUMBER.

The 24-page number of The Courier printed on our 24-page press has resulted in flood of congratulations from friends and subscribers, new and old. The Uniontown Herald says:

"The Connelville Courier has just installed considerable new equipment, including a new newspaper press. Properly to celebrate the occasion, a special edition of 24 pages was issued in which much attention was devoted to the growth of the city and The Courier and to the editor of The Courier, Colonel Henry Province Snyder. The edition was a most commendable one and a splendid tribute to the city and to the indefatigable labors of the veteran editor of The Courier."

What our Democratic contemporaries, the Connelville News and the Uniontown Standard, say about it isn't fit to print. They do not seem to like us or to relish evidences of our progress.

We regret to say that the calls for this 24-page number have already exhausted the edition.

OUR GARBAGE PRACTICE.

The City Council proposes to make the householders take care of his garbage and deliver it to the collector and pay the latter for hauling it, whether that arrangement is agreeable to the householders or not.

The new garbage ordinance will provide that the collection of garbage may be let out to contractors who will be empowered to levy and collect a certain monthly charge from the occupier of every house and other place where garbage accumulates. This charge will be modest enough not to be a burden on the householders. The city will undertake to dispose of the garbage in the furnace it has acquired from the garbage company.

The plan is better than the old one, but not so good as the free collection of garbage which has been found to work perfectly in other cities. However, we are to be congratulated on the fact that our garbage practice is improving.

A majority of the Interstate Commerce Commission is of the opinion that railroads should render free service and an order has been passed permitting the charges of \$2 for reimbursement of cars. Under regulation by commission the people don't realize they pay the freight.

The song of the carpet beater is heard in the land.

It moves the employees of the United States Steel Corporation to be proud and satisfied.

FIRE PREVENTION.

It is estimated that no less than 80% of the fire losses are preventable. This makes the proposition for the formation of a Fire Prevention League in Connelville interesting.

The object of the Fire Prevention League is to see that the laws are enforced. It is found in practice that a great many fires result from conditions which are forbidden by law. The Fire Prevention League is pledged to see that the law is enforced in its community. The enforcement of the law is not always a pleasant task. It may involve demands upon neighbors which they will resent and take umbrage from. The individual citizen seldom or never on this account concerns himself about the enforcement of the law regulating fire conditions.

The local authorities will enforce the law themselves if they are vigilant and unbiased and unafraid, in which event there will be little work for the Fire Prevention League to do other than to supplement the vigilance of the proper officer. Where there is a disposition on the part of the authorities to shield some offenders against the law, or to neglect in any manner its enforcement, it will be the duty of the Fire Prevention League to stand forth boldly for the law.

When fire conditions have been made to conform to the requirements of the law or are even better, the Fire Prevention League should see to it that fire insurance rates are reduced accordingly. The Fire Prevention League had two objects in view, namely, increased fire protection and decreased fire insurance rates. Both are well worth working for in Connelville.

THE WAGE ADVANCE.

The announcement that the United States Steel Corporation will advance wages 10% has the Connelville coke region guessing as to whether it will be effective here or not.

It is assumed that it will. The last advance so announced was extended to the coke region though the management of the H. C. Frick Coke Company was unable to establish the good news for some days after the announcement was first made. Good news ought to travel better.

The Connelville miners are already receiving the highest wages ever paid in the region by 10% and this boost will make a record of 20% in 1916. The miners can stand it, but the merchant operators who have sold the bulk of their coke on contract at \$2.25 to \$2.50 per ton will not welcome the idea of increasing wages, since it will cut deeply into that profit which the merchant operator was a long time waiting for.

A Washington, Pa., aviator has flown over Washington, D. C., at night and dropped imaginary bombs upon the White House and the Capitol and estimated that a number of Congressmen and that the destruction of the city by a bomb-dropping corps of aviators is entirely possible. Others are skeptical. They want to know why Germany has been so successful in its efforts to blow London off the map by similar means. It is the difference between theory and practice. Preparedness, nevertheless, includes a strong aviation corps.

Clean-up Day is in the offing.

Epiphany Day of the Methodist Episcopal Church denounces evangelism as a commercial enterprise and a means of making money. The average modern evangelist makes more money than a bishop, but he works harder while he works even if he does have one eye on that final collection.

The Wild Life League ought to put an end to the Tamo Life Legion of worthless curd that infest the land.

Connellsville spends \$20,000 annually for water and that is a third in the flesh of Connelville. Dugan, its mayor, says that the cost could be intelligently reduced to the taxpayers if the city owned the water plant. The matter is one of individual judgment, but it is capable of being reduced to more exact mathematical proportions by careful inquiry, and that should be the care of the Council before any rash action is taken.

The Connelville carnival will soon be all to the merry-go-round.

Hopewell has very sensibly dropped its old and out-of-date special borough law and adopted the modern borough code. The latter was passed at the session of 1912 and is very complete.

The Supreme Court very properly holds that a county official cannot draw his salary and board in the Pen at the same time.

The Courier prints its circulation figures from week to week. The News never prints any circulation figures. Its last pontifical statement has never appeared in any regular edition of the paper.

The weights and measures of Connelville were fair to the last, but in correcting their inspector Bryner more than earned his salary.

The Mexican situation, like the Mexican cactus, is hard to grasp and harder to hold.

The Wilson notes usually go to protest.

The German agent who thought his New York office was German soil is no more ridiculous in his claims and demands than the Democratic administration which insists that a belligerent ship becomes an American bottom when an American takes passage thereon.

Oklahoma
By GEORGE FITCH.
Author of "At Good Old Slaneh."

Oklahoma was the baby state of the Union until its nose was put out of joint by New Mexico and Arizona. It is less than nine years old, but in the bustling infant for its age, it has raised in this nation. It is growing so fast that it already has a deep bass voice in politics, agriculture, and population statistics, and is rapidly larger, steadily appearing, than Maryland, Nebraska, South Carolina, Arkansas, Louisiana, Connecticut and twenty other states.

Oklahoma was originally set aside by the government as "Indian Territory" for the exclusive use of the hostile red man, who, however, failed to make good agriculturally and did not increase the crops of the territory by so much as a train load a year. Accordingly the Indian population is congested into a few corners, and about twenty-four years ago the territory was settled by a mob of 100,000 white citizens in the greatest Marathon on record, the winners receiving choice farms free of charge. Being thus settled by foot runners and horse riders, the territory has sprung ahead ever since and now is a great fact that the Oklahoma farmer (owner) can plant corn or sky-scrapers on his land.

The soil of Oklahoma is very fertile, raising wheat, corn, oats, all cereals and potatoes in vast quantities, and Oklahoma farmers are almost unexcelled in the player-plant class. The capital of the state is now located in Oklahoma City by automobile, and to the only capital in the country which has exceeded the speed of light.

Limit. Oklahoma City also holds the national municipal speed record, being increased in population nearly 600 per cent in the last fourteen years. These cities have large, wide, clean streets, and the car-pumper who cannot build houses with both hands and feet is considered too new for other law. A large number of the old settlers of Oklahoma will graduate from the high schools this spring.

Oklahoma is the home of the Indian aristocracy and has a heavy population of red men, ranging from the blanket to the automobile status of society. One of the finest qualifications for office in the state is a little blue ribbon and Oklahoma has a governor and a senator who can trace their American ancestry back several hundred years behind the Pilgrim fathers. Oklahoma possesses the most modern constitution in the country, it being completely equipped with throttles, right and left hand drives, vote controls, brakes, accelerators, reverse gears, and self-starters.

EAST HUNTINGDON SCHOOLS WILL GET MONEY FROM STATE

Appropriation Will Not be Held Up, as was Indicated.

OTHER NEWS OF THE MILL TOWN

W. C. T. U. of Four Towns Entertained at Alverton: High School Alumni Elect Officers; Measles Cases are Reported; Personal Notes

Special to The Courier
SCOTSDALE, April 10.—At a meeting of the East Huntingdon township school board the matter of the report from the state, which threatened to hold up the appropriation, was thoroughly discussed. The members of the board reached the conclusion that there was no danger of the school money being held up. The report of the health officer regarding the condition of some of the rural schools proved to be less serious than had been anticipated. The state, it was said, is anxious to maintain a high standard in every respect, and for that reason was insisting that the law be observed in every respect.

W. C. T. U. MEETING.
The Alverton, Scottdale, Mount Pleasant and Tarran unions of the W. C. T. U. held an institute at Alverton yesterday afternoon and evening. At the afternoon meeting Mrs. H. E. Brotherton of Mount Pleasant led the devotion. Mrs. G. T. McNish of Alverton had a paper on "The Power of the Press," and this matter was widely discussed. The Alverton union furnished excellent music. Among those who took part were Miss Nora Fox, Mrs. Bob Hill and Elizabeth Dodson. A round table was conducted on "Greatest Need in the W. C. T. U." These topics were discussed: New members, Mrs. D. H. Stoner, Mount Pleasant; attendance, Mrs. C. A. Colburn, Scottdale; our young leader, Miss Lena Fletcher, Alverton; question box, Mrs. H. H. Lohr, Alverton.

At the business session of the afternoon Mrs. J. L. Cypriote resigned as president and Mrs. G. W. Stoner of Mount Pleasant was elected in her place. In the evening Rev. William Hamilton, pastor of the Methodist Episcopal Church, gave an address. Among those persons from Scottdale who attended were Mrs. C. A. Colburn, Mrs. Fanny Reynolds, Mrs. T. W. Burgess, Mrs. Marie DeWolfe, Mrs. Malinda Stoner, Mrs. Jefferson Freeman, Mrs. William Bortolotto, Mrs. Mattie Hyskall, Mrs. Alice Herbert, Mrs. J. A. Musgrave and Mrs. Lucy A. Poole.

WILL HOLD DANCE.
The Knights of St. George have invitations out for a dance and chicken and waffle supper to be held in Tyrone Hall on Tuesday evening, April 23.

MORE MEASLES.
More measles have been reported to Health Officer F. P. Goshorn. Those which came in until yesterday were Wayne, George J., and Merrell Smith, ages 6, 3½ and 1½ years, of Market street; Virginia Moorehead, 6 years, Park avenue; Wilmer Berg, aged 11, Market street; Albert E. Pronk, 6, Market street; Margaret Dieckhoff, 6, Homestead avenue; Ray Baker, 3, Third avenue, and Francis Uptysko, 6, South Broadway.

BUYS HOSE.
The Everson council on Monday evening let a contract for 4400 feet of fire hose to the Fabric Fire Hose Company.

WILL HOLD CONVENTION.
The Seventh District Sunday schools will hold their convention in the Scottdale Theatre on Sunday afternoon and night, April 20.

MEETING POSTPONED.
The playground meeting to have been held at the Y. M. C. A. last evening was postponed until this evening when the regular reports that were postponed will be made.

ALUMNI ELECTION.
The Scottdale High School Alumni held its meeting at the school last evening and elected the following officers for the coming year: President, Frank Newington; vice president, William Perez; secretary, Edna Daugherty; treasurer, Clarence Durstine; and financial secretary, Helen Andrews. Plans for raising money by movie shows or lawn fetes were discussed and they decided to appoint a number of committees later. A meeting will be held some time soon when more of the business concerning the alumni will be discussed.

NOTES.
Mrs. John Newbro of Dunbar spent yesterday in Scottdale.

Arthur W. Taylor has returned to work at the Pennsylvania railroad freight office after suffering with rheumatism for a few days.

The Daughters of Calvary will hold a social at the home of John Peters on Walnut avenue on Friday evening.

Mrs. Robert Gove is visiting relatives in Brownsville.

Miss Virginia Dyrno returned home yesterday from St. Xavier for her Easter vacation.

Clayton Huber on Monday brought from Pittsburgh a new Overland car for J. T. Kelliey.

Miss Mabel Hamilton is visiting Mrs. James McCutchen at Conneltsville for a couple of weeks.

The marriage of Margaret Conn of South Huntingdon township, to Earl Feltz of near Scottdale, took place Thursday evening, April 12, at the

home of the bride. Justice of the Peace N. G. Peterson performed the ceremony. Mr. and Mrs. Feltz will live in Scottdale.

Ruth Mumaw, a student at the Allegheny College of Meadville, is home on her Easter vacation. Try our classified advertisements. Miss Sophia Price of Salisbury is here after an extended visit to friends there.

How to Regain Strength.
The great factor that retards recovery after sickness is that weakened devitalized condition, and it will interest our readers to know that our local druggists, the Langhrey Drug Co., have a reliable, non-secret strength creator called Vinol, which contains iron for the blood, the curative medicinal extractives of fresh cod livers and the nourishing properties of beef peptone, all combined in a delicious native wine. For weak, run-down conditions and to regain strength after sickness, there is nothing better.—Adv.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anurie"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce. Describe your symptoms and get his medical opinion without charge—absolutely free. This "Anurie" of Doctor Pierce's is found to be the closest cure active than lithin, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DEPRESSED.
Kidney Disease is suspected by medical men when patients complain of backache or suffer with frequent urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains, nervousness, headache, dizzy spells, irritability, depression, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anurie Tablets.

If your eyes trouble you,
If you cannot see well,
If troubled with headaches,
If you cannot read with comfort,
I Can Help You.

Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

PEOPLE who follow Prohibition FALLACIES have little idea how far the "drys" propose going. Nor have the "drys" any conception of the disaster that would follow if their hopes were realized. Supposing national Prohibition could become a law—what then? Taking government reports as a basis, some of the consequences are here outlined:

AT ONE stroke, under Prohibition, the United States Government would lose 233 millions of dollars annual revenue from liquor taxation—the amount received the last fiscal year. Who would make up the loss?

THE various Commonwealths of the Union would, in the aggregate, lose 21 millions of dollars annual revenue, in the form of liquor licenses. Who would make up the deficiency that a Prohibition law would impose?

THE counties in the States would, altogether, lose the revenue of 7 millions of dollars a year now received from liquor taxation. Who would make good that loss?

THE cities of the United States would lose an aggregate of 52 millions of dollars annually if Prohibition became a law. Who would make up this sum?

CONSIDER, too, that 542 thousand persons (as Census reports state) who manufacture and deal in liquor would be put out of business by a national Prohibition law, besides an army of one million six hundred thousand wage earners thrown out of employment. Who would provide compensation for the enormous destruction of business properties, and provide work in lines other than alcoholic drink production for the hosts of men cast upon the world for a livelihood by Prohibition?

FINALLY! If the FALLACY of national Prohibition were possible, who would pay the large army of government employees that would become necessary to try and enforce such law? And after all said and done, there would remain this FACT—the result of Prohibition would be that no law could prevent people making alcoholic drinks for their own consumption. There would be few families, in consequence, that would not have private stills in their own homes. For the law gives them the right to manufacture alcoholic stimulants to their hearts' content—and drink to excess if they so desire!

UNPARALLELED OPPORTUNITY IN PRIZE DISTRIBUTION FOR THOSE WHO TAKE ADVANTAGE

There is No Time Like Today to Do a Thing; the Time is at Hand in the Contest to Get the Subscriptions That Will Put You in Line When The Courier Shakes Its Gift Tree.

Just five more weeks less two days of The Courier's contest and just ten more working days of The Club of 30 Period. This is not much time to get in those subscriptions necessary to win that car for you. Therefore, you want to put in every minute of your time hustling for subscriptions.

Don't be afraid to ask for a year's subscription to the daily. You can come down it necessary more easily than you can go up. There are lots of people who would give you the subscription for a much longer term than you ask if they only thought of it, but they give you what you ask and don't make the matter when if you had asked for two or three years, you would have secured that just as easily.

The time is at hand when if you are going to do anything in the contest, you must get to it. There are a number of contestants who have been saying, "Oh, yes, I am going to." But they don't. Why? Because they put it off and put it off and continue to put it off and it would do itself so it does not get done. They are going to do things tomorrow, but they fail to realize that tomorrow never comes. Today is today and yesterday is yesterday. What is today, today, tomorrow will be yesterday and tomorrow when it gets here will be today and tomorrow will really be a day away. Thus it is that he or she who waits for tomorrow never does anything because tomorrow never gets here, but is always one day away and hence, of course, one can do nothing on tomorrow.

TODAY IS THE TIME

When things must be done. The yesterday in this contest are more numerous than the tomorrows and today is always with us, but today won't continue indefinitely to be a contest day and the largest and best offer has been its middle point and started on the other side—the last half of the race which is always the short half. Therefore, the contest editor wants every contestant in the contest to realize the importance of getting busy today. Harold Bell Wright wrote a book entitled "Their Yesterdays." The contest editor could write a very interesting book on "Their Tomorrows" if he only had time. So many people he has known have lived in their tomorrows and never got any further. He once knew a contestant who sent in some receipts all filled out during a contest the first half of which had found said contestant positive. He accompanied the receipts with a letter stating he would come in tomorrow and bring the money. That was many months ago and to the contest editor's knowledge the money has not been brought in.

Of course, the contestant received not votes and neither did he get any credit. His tomorrow did not come. Don't, don't, don't be like that.

UNPARALLELED OPPORTUNITY.

Probably never again during the life time of any of those contestants will there come a time when winning a car will be as possible as right now. Anyone who has entered this contest and just settled back and let this opportunity go by will be no good for any other contest that may ever present itself. He who would win a car through such means must do it now. Otherwise, he will be too late. Nobody will have any confidence in him next time and he will not have any chance at all.

COUPON VOTING HEAVY.

Many coupons are being received and they all help. But don't depend upon coupons alone to win. Don't spend your time on coupons when you can get subscriptions. Don't overlook the most important part of the voting. Coupons are very small compared with the offer on subscriptions. Give an extra vote for every \$30 in new subscriptions, and 300,000 extra votes for every \$30 in old subscriptions. Subscriptions are the things that will win big votes, and big votes get big prizes.

HOW TO TREAT BURNS, CUTS AND BRUISES

Efficient Manufacturer Finds Most Effective First Aid Remedy.

One of Buffalo's leading manufacturers in whose factory burns, bruises and cuts are almost of daily occurrence says they are now being treated with amazing success. He has learned that when anything happens demanding the prompt application of a soothing, healing, pain-killing agent, he only does his wonderful medicine give immediate relief for minor burns but it is invaluable for serious burns and scalds. Only recently a workman was seriously burned and it was thought it would be weeks before he could resume work. A prompt application of Genuol almost instantly stopped the pain, the healing began at once, and in just a few days he was back at work again.

Genuol is antiseptic, cooling and wonderfully stimulating to the diseased or injured tissues. In all cases of eczema, itching skin, old sores and piles just one application usually brings blessed relief. Genuol should always be on your medicine shelf. Get a large 50-cent box at A. A. Clarke's today and save yourself hours of needless pain and trouble.—Adv.

Subject to Billions Attacks.

Mrs. J. H. Stroh, Akron, N. Y., says: "About a year ago when I began taking Chamberlain's Tablets I was in a badly weakened and run down condition. I frequently had bilious attacks that lasted for several days, during which time I was so miserable I could scarcely drag myself about the house. Since using three bottles of Chamberlain's Tablets I have felt like a new woman." Chamberlain's Tablets only cost 25 cents per bottle. Obtainable everywhere.—Adv.

matic relations with the government of the German empire altogether."

The President expressed regret that this step had been necessary and added:

"I have taken it, and taken it in the confidence that it will meet with your approval and support, that all sober minded men must unite in hoping that the Imperial German government which has in other circumstances stood as the champion of all that we are now contending for in the interest of humanity, and recognize the justice of our demands and meet them in the spirit in which they are made."

LONDON, April 19.—The reply of Great Britain and France to the American note concerning interference with maritime commerce by the Entente Allies has been cabled to Washington.

BERNSTORFF PROTESTS.

WASHINGTON, April 19.—Count von Bernstorff, the German ambassador, conferred with Secretary Lansing this morning. The engagement was made at the ambassador's request.

It was revealed that the ambassador went to the State Department, not to discuss the submarine situation, but to make a further formal demand for the return of papers which Department of Justice agents seized from Wolff von Igel, private secretary to Captain von Papen, the withdrawn military attaché, in New York yesterday.

The Department of Justice has practically decided to hold von Igel unless the State Department specifically demands his release on the ground that the crime with which he is charged was committed a year before he became a diplomatic agent.

ROMANIAN FRONT.

PARIS, April 19.—There was a spirited bombardment of positions south of Haudromont wad on the Verdun front east of the Meuse last night, the war office report of this afternoon says.

No other important events occurred on any part of the front.

ENEMY OFFICER RETAKEN.

ST. PETERSBURG, April 19.—Lieutenant E. K. K. of the famous German raider Emden, which was destroyed by the Australian cruiser Sydney at Cocos Island in 1915 after performing many daring exploits, has been taken at a prisoner by the British.

The lieutenant is now a prisoner here. "I will commit suicide rather than return to the hands of the British," the lieutenant said. His malcontents that as Germany is not at war with Italy, the Italian authorities cannot surrender him to the British.

SCOTT OFF TO SAN ANTONIO; AFTER ACCURATE INFORMATION

Army's Chief of Staff Will Confer With Funston; Pershing Concentrates Forces.

By Associated Press.

WASHINGTON, April 19.—Major General Hugh L. Scott, chief of staff of the army, will go to San Antonio, Tex., tonight by order of Secretary Baker in order to get accurate information as to the situation on the border and in Mexico.

Secretary Baker issued this statement:

"General Scott leaves for San Antonio this evening at 6.15 at my request. He will spend several days with General Funston and return. This trip is made solely for the purpose of getting as accurate information as is possible for the use of the department."

"General Funston remains in full charge of affairs of his department including the expedition into Mexico. He has the full confidence of the department and his dispositions have the department's entire approval."

CONCENTRATES FORCES.

EL PASO, Tex., April 19.—Confirmation of reports that the American expeditionary force was being concentrated at three points in Mexico preparatory either for the withdrawal of the troops or the organization of a new and more extensive campaign was received here today from Mexican sources.

It was said that General Pershing had withdrawn all outlying detachments south of Nampiquipa and that in the neighborhood of 3,000 men were camped at San Antonio 12 miles west of Guadalupe and that a force estimated at almost double this number was being concentrated near Nampiquipa.

DANGER IN GOOD TIMES.

Expensive Habits Made During Good Times Prove Danger.

It has just been pointed out that the present good times is dangerous for those people who use all of their income and do not save a part of the money. A standard of living is established in good times that cannot be kept up when work is scarce and wages low. Save a part of your earnings and deposit the money at the Citizens National Bank, 138 North Pittsburg street.—Adv.

VICK'S VAPOR SALVE

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podephyllin) they call it daily.

Combined with four other standard, all-vegetable remedies, may-apple root may be had at most any drug store in convenient sugar-coated tablet form by asking for Santanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you head-ache, constipation, poor stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santanel Remedies Co., 802 Madison Ave., Covington, Ky.

THIN MEN AND WOMEN

Here's a Safe and Easy Way By Which You May Gain 10 Pounds or More of Solid, Healthy, Permanent Flesh.

This, nervous, undeveloped men and women everywhere are hard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the elementary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous Sargol building agent, that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point.

All good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight. It produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv.

LOCAL CAPITALISTS MAY START SLIGO TO GOING

Pittsburg Man Pays Old Obligations Incurred by New Concern; Will Abandon Plans.

That the Sligo Steel Company will relinquish possession of Sligo mill at Davidson without a legal battle was the information of George Frankovich of Pittsburg, one of the incorporators, who spent yesterday in Connelville paying off obligations incurred by the plant several months ago. A rumor prevails that Sligo will resume shortly under control of local men.

Mr. Frankovich told local men that he had large contracts to manufacture millers but that the men interested with him in the proposition failed to support him.

Several weeks ago Charles Davidson secured an injunction on the new owners of the mill to prevent them from shipping away any of the iron that had been junked there. He averred that the mortgage on the plant would deplete in value if the company were allowed to ship away the iron and machinery without replacing it with new equipment. Several dates for a hearing were fixed but they were all postponed. Mr. Davidson then sued to foreclose on his \$100,000 mortgage. From Mr. Frankovich's statement it is taken that neither he nor his partners will fight Mr. Davidson's efforts to regain full possession of the mill. As Sligo stands now, it is expected to resume in a very short time. Whatever the plans of the Sligo Steel Company were the plant was cleaned up and put in shape to operate at least one mill. Much of the machinery is in good condition.

It is said that there are contracts for iron and steel ready to be let to Sligo that would make its operation profitable and insure employment to a large number of men for years.

The Fault Finder.

An irritable, fault finding disposition is nearly always caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also regulate the bowels. GARBAGE PLANS

Service Will Not be Compulsory, Connelville Declares.

Under the ordinance to be adopted by council tonight, garbage collection will be divided into five districts and no one will be compelled to take the service. That much, it is known, was decided on by council at its many conferences on the subject.

The city takes possession of the plant on May 1, consequently it is necessary to adopt the ordinance soon so that they may be effective by that time. The city will only undertake to operate the incineration plant. The collection will be given out by contract and none but those thus authorized will be permitted to haul garbage.

ized will be permitted to haul garbage. In this way it is planned to allow the collectors to provide such service without competition and as a consequence make some money out of it. Consumers will deal with the collectors, not with the city.

Questioned as to how the city would provide the \$5,000 in payment for the plant, a councilman indicated that the amount would not be paid in a lump, but that payment would be stretched out over several years' time.

KIND TO TREASURY

Erring Timekeeper Released and Bad Checks Made Good by Employers.

The Casparis Stone Company was very kind to J. A. Treaher, timekeeper at its Bluestone works, who was accused of stealing and forging five checks. Treaher was released from the city lockup last evening and his fare paid back to Columbus, O., by the company.

PATRIARCHS HOLD A SOCIAL SESSION AT MT. PLEASANT

Saxophone Quartet Affords
Unusual Entertainment
for Canton No. 53.

SCHOOL CONTRACT IS NOT LET

Township Board Will Meet Again Saturday to Select Builder of the Mammoth School; Mount Pleasant Independents Organized; Other News.

Special to The Courier.
MOUNT PLEASANT, April 18.—Canton No. 53, Patriarch Militants, gave a social Tuesday evening to their friends in the I. O. O. F. rooms. Most enjoyable music was given by the Scottish Saxophone quartet, the only quartet of its kind in Western Pennsylvania. Choralists Archie McPhail in his make-up as "Uncle Tom," was a hit, especially in his plantation song. Readings were given by Evaline and Opal Spence, Emma Metz, and Mamie Stout. A solo was given by Elmer Morrow. After the short program a banquet was served. This was followed by an hour in which the guests were entertained with the \$100 talking machine the reading room recently acquired.

The letting of the contract for the four-room brick building that will be built at Mammoth was not let and the matter will be held over until Saturday. This school house will be built of buff brick.

Mount Pleasant has come to the front with her first baseball team, to be known as the Mount Pleasant Independents. They have had some practice and are ready to meet any first class team. Address John Roth, 208 Vine street, Mount Pleasant.

Moses Hixon, aged 84 years, died at the Alverton home of Christ Strubm on Monday evening and will be buried this afternoon in the Alverton cemetery. Funeral services to be held at the house at 3 P. M.

Mrs. D. H. Stoner left this morning with the 11 year old son, Raymond, of Mrs. Elizabeth Hitchcock, for Folk Institute where he will be given treatment.

John Baker, a carpenter at Hecla, who had gone in the mine to repair a fly wheel, had his leg broken and was brought to the Memorial Hospital for treatment last evening.

Rev. Cuthbert of Luttrell, spoke at the Methodist Church last evening and tonight Rev. G. L. C. Richardson of Connelldale will speak. Thursday evening, Rev. W. T. Lytle will speak and Friday evening Rev. G. W. TerBush of Scottdale will speak. It will close with Easter services on Sunday.

Last evening Rev. Bowman of the Lutheran spoke at the Reunion Presbyterian Church. This evening Rev. Hartman will speak; Thursday evening Rev. Edwards, superintendent of Redstone Mission, will speak, and Friday evening Rev. Wilson of Little Redstone will speak. On Sunday morning at the Easter services will open with sunrise prayer meeting, to be followed at 7:30 by a lecture by Rev. Kelson and Easter services.

Patrons those who advertise.

OHIOPIE.

OHIOPIE, April 19.—The stock paid a visit to Mr. and Mrs. Fred Burdette on Tuesday and left a baby boy. J. Jeffries of Sugar Loaf, was a caller in town yesterday.

William Hyatt spent Tuesday calling on friends at Confluence.

The condition of Mrs. A. J. Jeffries of Sugar Loaf, is worse at this writing. She has been ill for the past several months.

Miss Ethel Turner of Green Brier, was shopping in town yesterday.

The revival meetings conducted in the Methodist Episcopal Church by Rev. Porter are being well attended each evening.

Miss Ella Shaffer is having her restaurant remodeled. Two new show cases and a new soda fountain have been put in and more new fixtures are expected soon.

The Burdette & Saffor Company have purchased a new Russell wagon for their drayman.

Wilmington, Del.—"I was suffering from a terrible backache and pains in my side, with bearing down pains and was very nervous. I was always tired, always drowsy, never could get enough sleep and could not eat. I had four doctors and each told me something different. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. I got good results and I now feel better than I have felt for years and I am gaining in weight. I can gladly recommend it to all women."—Mrs. GEORGE W. SMOKE, 1611 West 4th Street, Wilmington, Del.

Backache and bearing down pains are danger signals which every woman should heed. Remove the cause of these aches and pains by taking Lydia E. Pinkham's Vegetable Compound, that good old root and herb medicine. Thousands of women have testified to its virtues.

For forty years it has been making women strong, curing backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pain.

If you want special advice write Lydia E. Pinkham Medicine Co. confidential, Lynn, Mass.

"The Store With the New Styles First"

Correct Easter Dress for Men and Women

Easter Silk Stockings are Best Bought Now

—Especially if you want a certain shade. Many mills are already refusing re-orders, and the supply of really fine silk hosiery on the market is rapidly diminishing.

—We are fortunate in having a splendid assortment of silk stockings of all kinds—plain and fancy—but our stocks are not inexhaustible. It is best to buy now.

—Thus far we have been able to keep our prices as low as formerly—\$1.00 to \$4.00.

EASTER GLOVES

—NEW FABRIC GLOVES are ready here in splendid variety. These gloves have been scarce—and still are. They are imported, and of late supplies have not reached this country with any regularity. We prepared our stocks almost a full year ahead of the usual time and are able to offer complete varieties of gloves in light, medium and heavy weights, one and two-clasp, or the newer knitted styles at \$5 to \$10.00.

—One-clasp and two-clasp, 75c and \$1.00; gauntlets, \$1. —Also complete stocks of French Kid Gloves at \$1.50 and \$2 pair. All the staple colors as well as plenty of the new shoe-top shades, with self and contrasting embroideries.

Easter Stocks Ready

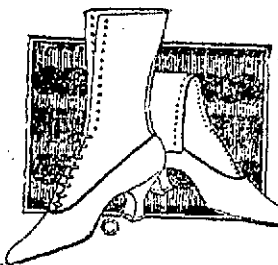

Neckwear	Underwear
Ribbons	Hand Bags
Gloves	Toilet Goods
Hosiery	Jewelry
Umbrellas	Parasols

New Spring Footwear

—No difference whether you are planning a new pair of smart boots for Easter or new Spring Pumps, we can please you with styles quite new and very pretty.

—7½ inch Kid Boots shown in white, tan, dark brown, ivory and combinations of white with various other good leathers. Priced as low as the better quality will permit.

—Spring Pumps in several of the season's best styles—high plain and fancy. A new model in ivory, kid is causing favorable comment. See them.

Women's Coats and Suits Permanent in Style and of the Most Refined Elegance

PERMANENCY OF STYLE and refined elegance—a happy combination. The styles of this store are not selected for their striking unusualness, but are considered from the point of view of the wearer, who requires fashionable garments of superior elegance in design and tailoring. Individuality without "freakishness" is a marked characteristic.

—Easter showings are now at their best, and the styles displayed here are not only new in Connelldale, but are the newest seen today in the fashion centers of the East. Splendid varieties at every price,—and a range of prices sufficient to meet the requirements of all.

Your Easter Suit \$15 to \$20

—Including belted models, styles with flare skirts and jackets, braid bound suits, others rather fancifully trimmed, and simple tailored effects.

—Plain and fancy taffetas, silk and serge combinations, gabardines, poplins, serges, velours and checks.

—Navy, Green, Hague Blue, Copen, Tan, Grey, Joffre Blue and Black.

—Suitable models for women and misses and a proper fit for all.

—\$15, \$19.75, \$25, \$29.75, \$35 to \$50.

Your Easter Coat \$6.50 to \$29.75

—Correct style and every-day practicability meet in these models in the popular three-quarter length.

—Coverts, Poplins, Serges, Checks, Plaids, Goldfines and Silks in a variety of styles to please every woman.

—Tans, Greys, Blues, Fancies and Blacks are the colors.

—The moderate prices are a noteworthy characteristic, for while the complete price range is \$6.50 to \$29.75, there are exceptionally good showings at \$10, \$15 and \$25.

Afternoon and Evening Dresses in all Favorite Shades

Embroidered Flouncings for Graduation Dresses

—We have just received a new shipment of those fine white Organdie Flouncings that make up such pretty dresses for graduation, for Summer wear, and even for the informal party.

—They are embroidered in white in several pretty patterns, come 42 inches wide, and are priced \$1.25 to \$3.00 a yard.

New Sports Skirtings for Only 25c a Yard

—They are very pretty and effective, being cotton with a linen finish, white grounds with black checks and plaids and awning, medium and small stripes in light blue, rose, green, brown, lavender, and black-and-white effects. The width is 31 and 34 inches.

New Spring Styles in Boys' Wash Suits, Hats

—Many very becoming models in new Wash Suits in all sizes, 2 to 9 years. White Galatea with vari-colored stripes, tan and blue Chambray, Soisettes or Devonshire cloths. Prices begin at 50c and range gradually to \$3.00.

—The new showings of Boys' Hats include all sizes in a good assortment of colors. All very "boyish" in their styles and made to give good wear. Prices range 50c to \$1.25.

Most Authentic Models in Easter Millinery

—Every day we have calls for Leghorn, Hemp and Java Hats in various forms and sizes. The Leghorns are flower-trimmed. All are decidedly vogue and with a new all-white hat are attracting considerably more than their share of attention.

—Today we are showing fresh displays of the special \$5 Hats for which this store is famous. The entire price range is

\$3.50, \$5, \$7.50, \$10 Up

Interesting Display of New Stationery

—There never has been such popular writing paper as Eton, Crane and Pike's. This is because it combines a popular price with unusual quality.

—We sell it because we know it meets the taste of our most particular customers. It will answer your purpose for all correspondence. The new envelopes and the new shades are here. We'd be pleased to have you inspect them.
